

Estrella de Levante S.A.

Scope of the environmental management system

The Environmental Management System of ESTRELLA DE LEVANTE S.A. complies with the requirements of the UNE-EN ISO 14001: 2015 standard for the manufacture, packaging and storage of beer and products obtained from wine in bottles, barrels and cans, as well as related activities. relacionadas con éstas.

The environmental management of ESTRELLA DE LEVANTE S.A. is associated with the plants located at

- C/ Mayor 171. 30100 ESPINARDO (Murcia)
- Carril del Palmeral. 30100 EL PUNTAL (Murcia). As well as their areas of influence.

Its purpose is to describe clearly the environmental management of the company, defining, among other aspects:

- The context, the stakeholders and their needs and expectations.
- The risks and opportunities related to environmental matters, legal requirements and other requirements.
- Actions planned to prevent and reduce the undesired effects of those risks.
- The processes that are necessary to prepare for and respond to potential emergency situations.

This is to ensure that the Environmental Management System achieves the expected results and continuous improvement.
